

VIII SESSION:

Prophylactic Mastectomies Reconstruction
Chairmen:

**Giampiero Capobianco - Francesco Cucca
Rita Nonnis**

15:45 Risk reduction surgery (BREAST):
indications and types of intervention
Giuliana Giuliani

16:00 Hereditary predisposition in breast
cancer. The role of the geneticist
Simona Amenta

16:15 Role of radiology in the surveillance
of mutated patients
Gavino Nurra

16:30 Prophylactic surgery: is the
mastectomy driving the
reconstruction or does the
reconstruction drive the
mastectomy?
Rita Nonnis

16:45 Closing Remarks

FACULTY

Carmine Alfano, Salerno
Maria Grazia Alicicco, Sassari
Simona Amenta, Sassari
Maria Laura Ariu, Sassari
Matteo Atzeni, Cagliari
Franco Bassetto, Padova
Giovanni Bistoni, Valencia
Filippo Boriani, Cagliari
Salvatrice Campoccia, Sassari
Giampiero Capobianco, Sassari
Amy Colwell, Boston
Anna Maria Contini, Sassari
Federico Corrias, Cagliari
Antonio Giuseppe Maria Cossu, Sassari
Francesco Cucca, Sassari
Francesco D'andrea, Napoli
Massimo Dessena, Cagliari
Luca Andrea Dessy, Cagliari
Antonio Falchi, Sassari
Alessandro Fancellu, Sassari
Giorgia Fara, Sassari
Andrea Figus, Cagliari
Alessandro Gallo, Alghero

PLASTIC SURGERY OF THE BREAST: STATE OF THE ART, PROBLEMS, AND FUTURE PERSPECTIVES

*La chirurgia plastica mammaria:
stato dell'arte, problematiche
e prospettive future*

SEPTEMBER THE 12TH - 13TH, 2024

Sassari, Aula Magna Piazza Università

THURSDAY SEPTEMBER THE 12TH

8:30 Registration of the participants

9:00 Welcome of the Authorities
Opening Ceremony

I SESSION:

Update in Autologous Breast Reconstruction
Microsurgery (EURAPS-SICPRE SESSION)

Chairmen:
Corrado Rubino
Francesco Stagno D'Alcontres
Germana Sini

9:30 *Lectio Magistralis*
Augmented reality as a guide in autologous breast reconstruction
Dietmar Ulrich

10:00 The rationale on the choice of recipient vessels in microsurgical breast reconstruction
Fabio Santanelli Di Pompeo

10:15 Evolution of the PAP flap in autologous breast reconstruction
Andrea Figus

10:30 *Autologous breast reconstruction with Lumbar Artery Perforator Flap*
Dietmar Ulrich

10:45 My first 60 DIEP flaps: The approach of a young plastic surgeon
Michail Sorotos

11:00 Autologous latissimus dorsi flap (FALD): our experience
Emilio Trignano

11:15 The SOS technique in the prevention of venous congestion in the DIEP flap
Matteo Atzeni

11:30 Coffee Break

II SESSION:

Update in Alloplastic Reconstruction
Chairmen:
Carmine Alfano - Mariano Scaglione

12:00 *Lectio Magistralis*
Updates in alloplastic breast reconstruction
Amy Colwell

12:30 Evolution of thought in the choice of breast implants in post-bariatric surgery
Franco Bassetto

12:45 New algorithm for large and ptotic breasts in alloplastic breast reconstructions
Corrado Rubino

13:00 Becker implants: is it a valid choice?
Enrica Pancrazi

13:15 Nipple reconstruction using a hypodermic implant
Anna Manconi

13:30 Light Lunch

III SESSION:

Pre-pectoral Breast Reconstruction
Chairmen:
Giuseppe Giudice - Maria Alma Posadinu
Filippo Boriani

14:30 The role of porcine matrix in the prevention of capsular contracture in reconstructive surgery
Franco Bassetto

14:45 RAAF flap (Reverse AICAP adipofascial flap): a new technique for DTI prosthetic reconstructions in patients with small-medium breasts
Diego Ribuffo

15:00 Predictiveness of mastectomy flap necrosis in pre-pectoral DTI reconstruction
Domenico Pagliara

15:15 Evolution in the technique for a better outcome of a pre-pectoral reconstruction with porcine-derived dermal matrix
Matilde Tettamanzi

15:30 Our experience in pre-pectoral breast reconstruction using bovine pericardium matrix
Marco Mazzocchi

IV SESSION:

Updates in Breast Cancer Surgery
Chairmen:
Alberto Porcu - Salvatore Masala
Alessandro Fancellu

16:15 Oncological outcomes of BCS and mastectomy
Laura Ariu

16:30 What's new in axillary surgery
Massimo Dessena

16:45 Surgical treatment of recurrences
Silvia Mulas

17:00 Surgical treatment of breast cancer in metastatic patients
Anna Maria Contini

17:15 *Closing Remarks*

FRIDAY SEPTEMBER THE 13TH

V SESSION:

Reduction Mammoplasty/Mastopexy
Chairmen:
Emilio Trignano - Raimondo Pinna
Noemi Spissu

9:00 *The mosque tower pattern for reduction mammoplasty*
Giuseppe Giudice

9:15 Use of a synthetic matrix in mastopexy
Giovanni Bistoni

9:30 Secondary Reduction Mammoplasty Techniques and Outcomes: Cleveland Clinic Experience
Antonio Rampazzo

9:45 Mastopexy in the post-bariatric patient
Luca Dessy

10:00 L/J reduction mammoplasty with supero-medial pedicle
Germana Sini

10:15 Breast asymmetries and symmetrization strategies
Antonello Mele

10:30 Coffee Break

VI SESSION:

Augmentation Mammoplasty/Hybrid
Chairmen:
Francesco D'Andrea - Giorgia Fara
Alessandro Gallo

11:15 Corrective surgery of the tuberous breast
Marco Klinger

11:30 Harmony in breast augmentation
Giovanni Bistoni

11:45 Hybrid breast augmentation: tips and tricks
Emilio Trignano

12:00 Reconstructing the tubular breast: how to personalize the surgical options
Marzia Salgarello

12:15 10 years experience in breast augmentation with anatomical implants
Federico Corrias

12:30 Discussion

13:00 Light Lunch

VII SESSION:

Updates in Breast Cancer management
Chairmen:
Angela Spanu - Antonio Pazzola
Antonio Cossu

14:00 New opportunities in medical therapy of early breast cancer
Maria Grazia Alicicco

14:15 Role of contrast imaging in neoadjuvant chemotherapy
Claudia Pinna

14:30 Care, beauty and Radiotherapy in breast cancer
Salvatrice Campoccia

14:45 Actuality: state of the art of radio-guided sentinel node biopsy
Antonio Falchi

15:00 The role of the pathologist in the evaluation of the breast post neoadjuvant chemotherapy
Vincenzo Marras
